

WHAT'S ON AT LOFTY?

Term 1 Week 4, 16 - 20 February 2026

- Fantastic recognition of students this week on Whole School Assembly, launching our new Rewards system for 2026. Students who show great attendance and positive engagement at school will be rewarded in a variety of ways! Congratulations to our first winners this week for walking away with the Major, Minor and the Mini prizes.
- Maths tutorials have now begun! Lots of options to gain support either during, before and after school. For further information, please contact your child's maths teacher. Flyers have been sent home.
- SmartLab Maths Tutorials have been tailored for all Years 7 & 8 students directly aligned to their units of work. Students can access these tutorials as part of their general homework program. Should a student have misplaced their login, please contact their maths teacher.
- All students are report to Student Centre - Sick Bay should they be feeling ill throughout the day. We have had some instances where a student has contacted a parent before attending Sick Bay and our school staff are unaware. By reporting to Sick Bay, we can ensure your child is well supported and make contact home on their behalf.

Did you Know:

- 2026 SRS Fees for Toowoomba SHS are set at \$185, and were approved by the P&C in November 2025. More information can be found on the school website: <https://toowoombashs.eq.edu.au/calendar-and-news/news/2026-fees-and-charges>
- Invoices have been generated and emailed to parents. Subject fees will be generated over the coming week. Payment Plans are available if needed – please contact the Office.
- The Queensland Government supports children's education by providing funding for instruction (teachers), facilities (school grounds and buildings, internet), and administration (staff to run the school). Funding for schools does not extend to individual student resources such as textbooks, equipment for personal use, and many items used by the student in the classroom.
- The SRS helps parents to source these resources. The school can purchase resources at lower rates due to its bulk buying power. Resources such as textbooks or musical instruments that will be used over a period of time are hired to students to further reduce costs for families. Participating in the SRS also offers a convenient way for parents to source the items that their child needs for school, and ensures that all students have access to the same standard of resources.
